It's Not About Construction, It's All About Creation

Date:-09/05/2017

To,
Mr. _____,
Pune.

Kind Attn: Mr. _____
Subject: Company Profile.

Sir,

We are Glad to introduce ourselves as Contractor based at Pune. We are mainly indulged in construction of Residential and Commercial work. It is our great pleasure to work with growing and leading companies like you who are conscious about Quality and Workmanship.

In the way of expanding Business we would like to introduce ourselves through this profile, it will be highly appreciated if we are placed in the contractor list in your esteemed organization.

We would like to be associated with the leading architect/clients/owners like you. Looking forward to the mutual business in the near future Please feel free to call back if you need any further information.

Yours Faithfully,

For
The Creation Group,

Proprietor

ABOUT US

The Creation Group is defined by two words that make all the difference-Quality and Time. This enterprise was established in 2009, one that has been led by guidance and the vision of Mr. Vijay Katariya who has more than 40years of working experience with many leading companies in pune.

With highly experienced management and personnel we offer construction, project management and civil engineering services while maintaining high quality, occupational health & safety and environmental standards.

Clarity in principle, and transparency in operations and business ethics, has enabled The Creation to successfully unite the suppliers, sub-contractors, associates and its customers under the umbrella of satisfaction.

Timely possession with assured quality has remained our hallmark for more than over 1 lakh square feet of construction. Which includes all the different heads like Residential & commercial buildings, Interiors of Bungalows, Flats, Villas, Sample flats, Industrial Sheds, Educational Institutes and our speciality in Temple constructions.

Company Vision

To create a reputed brand of Civil Contractors and Consultants known for its excellent value addition to the end users.
